

How to Submit Your Multitracks

After purchase, you will receive instructions for uploading your files.

1. Export Your Tracks

- Export all tracks as 24-bit WAV files
- Make sure all files start at the same point (bar 1 / beginning of the song)
- Include all audio tracks needed for the mix
- Include any important effects printed if they are part of your sound

2. Include Project Information

Please provide:

- Song title
- Artist name
- BPM/tempo
- Key (if known)
- Reference tracks (songs that represent the sound you're aiming for)
- Any specific mix notes or requests

3. Upload Your Files

Upload your multitracks using:

- Google Drive
- Dropbox
- WeTransfer

Paste the share link into the submission form after checkout.

Before Sending Files

- ✓ Tracks are properly labeled
- ✓ Vocals are edited and tuned if desired
- ✓ All files play from the same starting point
- ✓ You have included any reference mixes
- ✓ You have communicated your creative goals

Turnaround

Typical turnaround: **5–7 business days per song**

Larger projects may require additional time. You will receive updates throughout the process.
